OBJECTIVE

To obtain a challenging position as a Python Django Developer where I can apply my programming knowledge in Python, Django, and web technologies to design, develop, and maintain scalable applications, while continuously enhancing my skills and contributing to the success of the organization.

EDUCATION

College of applied sciences chelakkara IHRD Calicut University <i>Bachelor of computer applications.</i>	2022 – 2025
Markmender Study Hub Ernakulam <i>Python and django full stack</i>	2025
Little Flower GHSS School Chelakkara <i>Plus two</i>	2022
Little Flower GHSS School Chelakkara <i>SSLC</i>	2020

PROJECTS

Petflix – AI-Powered Pet Care App (Android)

Languages/Tech Used: Java (Android), PHP, MySQL, YOLO, Cosine Similarity

Led the development of an Android-based pet care app connecting owners with vets and services. Integrated AI- driven image detection using YOLO and breed matching using cosine similarity. Enabled features like telemedicine, vaccination tracking, digital prescriptions, and pet profile management.

TECHNICAL SKILLS

Programming language

Python, Java, C, PHP

Web development

HTML, CSS, Javascript

Database

SQL, PostgreSQL

Tools

Microsoft word, Powerpoint, Excel

SOFT SKILLS

- Communication skill
- Problem solving
- Leadership potential
- Team work
- Adaptability

ACHIEVEMENTS & AWARDS

Python django full stack

Web development

Artificial intelligence chatbot development workshop

TCS ION Edge young professional course

Mahindra pride class room

Ex NSS volunteer from college of applied science
